SMOKE ALARM SURVEY

Did you know that half of home fire deaths happen between 11 p.m. and 7 a.m., when most people are asleep? According to the National Fire Protection Association, the risk of dying in reported home structure fires is 55 percent lower in homes with working smoke alarms than in homes with no alarms or none that worked. Because smoke alarms are so important, the City of Middletown Fire Marshal Office is conducting a survey and **NEEDS YOUR HELP!**

Please take this short survey and help us better understand what our community needs to be safe!
